Address

Alharam Town, Lahore

The Director
Fast National University Peshawar Campus
Pakistan, Phase 1 Hayatabad, Peshawar, Khyber
Pakhtunkhwa

December 1st, 2021

Dear Sir/Miss,

It is published in Dawn newspaper that you are looking for a Full stack developer. If yes, please consider me for interview.

I am currently pursuing my bachelor's from the FAST (National University of Computer and Emerging Science). I did junior Web developer internship at ICT software house. I did several projects in web developer as online library management system, Car parking system in which I have work as Full stack developer of the website. Apart from that I am currently working as a Developer and blogger on Fiverr. I would like to contribute my skills with Fast National University Peshawar Campus, in order to make optimal use of my acquired knowledge.

I would describe myself as a passionate and motivated person who is always looking for opportunities to enhance his skills. I would like to put these characteristics to use within your organization. Given my education at Fast National University, I think I am best for the position of Full stack developer. The components that were discussed during my studies closely match the skills required for this position

I would like to further explain my motivation for this position during a personal meeting. You can reach me either by phone via 03364177810 or by email via p190104@nu.edu.pk. Thank you for your consideration. I look forward to hear from you.

Sincerely,

Ibrar babar \
