TECHNICAL AND BUSINESS WRITING(B)

ASSIGNMENT # 1

Subjective vs Objective Denotative vs Connotative

Subjective writing

A small passage from Harry porter

"Harry had taken up his place at wizard school, where he and his scar were famous ... but now the school year was over, and he was back with the Dursleys for the summer, back to being treated like a dog that had rolled in something smelly. The Dursleys hadn't even remembered that today happened to be Harry's twelfth birthday ..."

In this passage, readers can see how Harry is feeling, thinking, and what is happening with him. They follow him very closely, but are unable to see what the Dursleys are feeling or thinking about Harry. This is a depiction of subjective feelings.

Some Connotative words from the novel

(simper) "I'll be waiting to open the door." Dudley put on a foul, simpering smile

(livid) "Harry had slipped through Voldemort's clutches for a second time, but it had been a narrow escape, and even now, weeks later, Harry kept waking in the night, drenched in cold sweat, wondering where Voldemort was now, remembering his livid face, his wide, mad eyes"

(jeer) Harry jumped to his feet just as a jeering voice floated across the lawn.

(jaunty) "Morning, Mum," said George, in what he clearly thought was a jaunty, winning voice.

(haphazardly) Mrs. Weasley was clattering around, cooking breakfast a little haphazardly, throwing dirty looks at her sons as she threw sausages into the frying pan.

Denotation words from the novel

(Trace): "I might tell you that you can trace my family back through nine generations of witches and warlocks and my blood's as pure as anyone's, so —"

(serpent): “..because being able to talk to snakes was what Salazar Slytherin was famous for. That's why the symbol of Slytherin House is a serpen”

(Tone): Not for long," said Hermione in a satisfied tone.

(Bound): Snape said it was in a book called Moste Potente Potions and it's bound to be in the Restricted Section of the library.

Objective Writing

Example:

Ali is top all over the board in Punjab and got the scholarship from different universities.

In this, we have a proof of result card of Ali that he says true and top all over the world and got scholarship.

Difference between Subjective and Objective

The major difference between subjective and objective is that subjective information is based on just one person's feelings, assumptions, and opinions. It has a viewpoint of that person regardless of information or arguments it offers.

Examples :

novel, poetry, story etc

Objective, on the other hand, is the information a writer or speaker provides outside of his/her personal opinions or feelings. It is based on facts.

Examples:

newspaper, business article, letter etc.....
